Head Office,
Warehousing
Corporation Road
P.B. No. 1727
COCHIN-16

KERALA STATE WAREHOUSING CORPORATION
ERNAKULAM

General Terms & Conditions of Storage Charges

1. One week for the purpose of this schedule means 7 days ie. from 1 to 7, 8 to 14, 15 to 21 and from 22 to the month end.
2. A minimum of one week storage charge is payable by a depositor even if the stock is held in storage for less than one week
3. The storage charges are inclusive of advalorem surcharges on storage charges and insurance charges against loss due to fire or burglary. For other risks to be specified by the depositor in writing, like flood, riot, civil commotion etc the goods can be insured at the expense of the depositor.
4. a) The storage charge shown in the schedule shall apply to all classes of depositors and on all deposits received on or after 01.04.2025 and for the existing stock with effect from 01.04.2025.

b) Storage charge on Normal Warehousing basis (as distinct from reservation basis) will be realized on the entire item held in a warehouse on a weekly basis ie. Storage charge will be payable for the released quantity as well as the unreleased balance quantity except in the case of farmers & small traders.

5. This tariff cancels all previous schedule in respect of all commodities mentioned there in and also all other commodities not included in this schedule.
6. Initial period of storage will be written on each warehouse receipt. No extension of storage period will be granted to the private depositors, unless the storage charges due for the initial period is paid. The discretion of granting extension of storage period fully rests with the corporation.
7. If a depositor fails to pay storage charges or apply for extension of storage period notice will be served to the concerned depositor to withdraw the stock forth with, failing which the stock will be sold out by public auction.
8. a) In the case of stocks belonging to Central/State Government, Government Organization, Public/Private undertakings, Companies etc. to whom billing facilities are provided, storage charges on normal warehousing will be realized on presentation of bills. Bills will be raised to these customers at the end of every month only for the number of weeks elapsed. The bill should be settled by the 15th of the next month. If bills are not settled even after thirty days from the date of the bill, interest at 18% will be charged for the belated period. This facility will be cancelled in the case of customers who fail to make payment of the bills within 30 days of presentation and such customers will have to make payment of storage charges by cash at the time of release of materials.

b). In the case of farmers who deposit the goods for long period realization of charges will be effected on completion of initial period of storage or at the time of release whichever is earlier.

9. In addition to the facility of storage on normal warehousing basis customers will be provided with storage facility on reservation or area basis and also on metric tone basis.
10. The depositor will be required to indicate the commodity to be stored while making reservation of space. In case subsequently the depositor wants to store a commodity other than the one for which reservation was made, it can be done only with the prior approval of Kerala State Warehousing Corporation. The terms and conditions of reservation are given in Appendix I.
11. Quantity reserved on area basis should be for a minimum of 30 sq.m and on tone basis it should be for 50MT.
12. In the event of cancellation of reservation, for the left over quantity if any, will be treated on normal warehousing basis and charges will be calculated as per clause (4) b.
13. Bills for reservation charges and over & above reservation charges of a month will be presented by 5th of that month, which should be settled within 15 days. Since reserved quantity is known in advance customers are advised to make payment of reservation charges not later than 15th of every month without waiting for receipt of the bills. Failure to pay

reservation charges within the stipulated period will entail cancellation of reservation facility will be subjected to the payment of 3 months reservation charges in advance, and granting extended period of reservation will also be subjected to payment of advance reservation charges every month.

14. A rebate of 10% will continue to be allowed to the registered co-operative societies and bonafide agriculturalists on the total bill of storage charges rounded to the nearest rupee. The rebate to the agriculturist will be admissible only for the storage of their products, produced by themselves on their land. Those agriculturists who produce certificate from the local village/revenue officials/Agricultural Officer to this effect are only entitled for this concession.
15. This schedule rates however will not apply in the case where Head Office enters in to agreement with any customer. The Managing Director of this Corporation is empowered to make such agreements, if any, which the depositors and to make any changes in the schedule found necessary in the interest of business.
16. Storage charges are to be paid by cash or DD/local cheque before delivery is effected by depositor not covered under clause 8.
17. The rates given in the schedule, do not apply to the items which are of exceptional weight, shape, size, height or value or extremely sensitive and delicate or those requiring utmost care in handling and storage.
18. The storage charge due from the customers will be collected/ billed rounding the same to the nearest

rupee (fraction of rupee up to 49ps will be neglected and 50ps and more will be rounded to the next higher rupee) The rounding shall be made only in the final figure of the bill.

19. Commodities deposited in bulk Eg : Pipes, AC sheets etc. which do not have uniform packed or received without packing will be accepted on area basis only.

20. Infested stock will not be accepted. But in special circumstances if the stock have to be accepted and should be fumigated immediately on deposit and initial fumigation charge will be collected from the depositor. The Warehouse Receipt will contain the nature of infestation at the time of deposit.

21. The following warehouses will be high rated warehouses and the storage charge applicable will be the rate given as per the schedule under the head High rate.

KERALA STATE WAREHOUSING CORPORATION
ERNAKULAM

Terms & Conditions of Reservation

1. Month for the purpose of reservation means 2(Two) consecutive fortnights and not a calendar month. The minimum period of reservation will be one month consisting of two consecutive fortnights.
2. Reservation will be made in terms of complete month in terms of tonnage or floor area for storage in the warehouse.
3. The stack height of the commodity shall be the one fixed by the Corporation in accordance with the storage practices, laid down for each commodity.
4. Extension of reservation will not be granted for less than 1 month.
5. The reservation charges will be payable by the depositor for the area/MT reserved at the prescribed rate irrespective of whether the reserved area/MT remains totally or partly unutilized during the period of reservation.

6. When reservation is made by a depositor, one month reservation charges will be recovered in advance. Such advance will be adjusted during the last month of reservation. Depositors desirous for extending the reservation beyond the initial period of one month should pay reservation charges in advance for every succeeding months of reservation on monthly basis.
7. Bills for reservation charges of a month will be presented at the beginning of the month and bills for over & above reservation charges if any, will be presented by the close of the month which should be settled within 15 days of presentation. Since reserved area/MT is known in advance, customers are advised to make payment of reservation charges not less than 15th of every month whether the bill is received or not. Failure to pay reservation charges within the stipulated period will entail cancellation of reservation. Further reservation facility will be subjected to the payment of 3 months reservation charges in advance and granting extended period of reservation will also be subjected to payment of advance reservation charges every month.
8. If the extension of reservation is made before the expiry of the initial or extended period of reservation as the case may be, total period of reservation will be computed from the first date of reservation. However, extension is asked for after the expiry of the initial or extended period of reservation it will be treated as fresh reservation.
9. Reservation at the Warehouse, if made in excess of the minimum period can be curtailed or cancelled only by giving one month notice in writing. Where the notice falls short of 1 month

payment of storage charge on the capacity already reserved for the unexpired portion of the notice period shall be recovered from the depositor.

10. The depositor must inform the corporation in writing about the new reservation/extension of reservation, period alteration in reserved quantity beyond earlier reservation or cancellation of extended reservation at least 15 days before the expiry of the existing reservation period. If no such written intimation is received from the depositor storage charge will be levied on normal warehousing basis for stock in storage for the period beyond the existing reservation.

11. No reservation will be granted with retrospective effect under any circumstances.

12. Any request from the depositor for reduction/cancellation of initial minimum period of reservation already confirmed and commenced will not be accepted and the depositor will have to pay storage charge for one month, minimum period reservation.

13. Over & above reservation will be calculated as opening balance + deposit less quantity reserved during the month.

14. In the case of cement, the Over & above reservation shall be calculated as the date at which maximum stock held during the month less reservation.

15. In the case of reservation is made in floor area basis the load on the floor shall not exceed 0.33 MT/sq.ft (ie 3.55 MT/Sq.Mtr)

PROFORMA FOR FIXATION OF STORAGE CHARGES
AT STATE WAREHOUSE

State Warehouse.....
Warehouse-in-charge.....
Previous reference (if any).....

1. Name of the commodity(English name must also be given). In case English name is not known, two samples of the Commodity must be sent along with the proposal :
2. A. Name & Description of the package in which the Commodity is generally offered for storage
When filled with commodity in question :
B. Size ie. length, breadth and height of the package :
3. Usual weight of the commodity in each package :
4. Average market rate of commodity (per k gm)
(The rate must be given in the same unit in which the Weight of the package is given in col-3 above) :
5. A. Usual method of storage followed at the centre :
B. The height to which stack could be built :

6. No. of package/bags that could be accommodated :
 according to the stack plan in space in which 100
 bags of food grains on standard size can be
 accommodated at 15 bags high stacking
7. Cost of storage incurred in trade :
8. To what extent do the banks advance against the
 Commodity :
9. A. Have you received any package for storage : Yes/No
 B. If yes, give:-
 I. Date of deposit :
 II. No. of packages/bags :
 III. Actual area of the stack built with above deposit :
 of the commodity
 IV. No. of bags/packages in one layer :
 V. Average area occupied by one bag/package :

- VI. No. of layers of bags/packages in the stack :
- VII. Total No. of bags/packages in the stack :
- VIII. What charges do you recommend and why?
(The charges recommended by Warehouse Manager
Should be supported of facts)
- IX. Any other information which the Warehouse-in-charge :
may consider useful in the context of fixing the storage
charges (eg, expected business, extent of storage loss
occurred due to bag storage in trade etc.)

Signature of the
Warehouse Manager

Note: 1.A 'Standard Bag' is defined as bag of food grains weighing one quintal and
Measuring 3'x2'x1.

- Bag equivalent means the ratio of the number of standard bags which can be accommodated in 100 sq.ft area
to the number of bags/packages of a particular commodity which can be accommodated in the same area.
